

Please do not let Low Power FM take over current FM translator service. Radio stations such as K-LOVE are vital to the residents of my community in Arizona. There are little to no stations in this area that cover the broad needs that K-LOVE serves. Their services are even segmented into announcements for local activities and events.

K-LOVE is the only station that provides positive and encouraging music suitable for all, especially children, best of all it's commercial free. I don't know what I would do if I wasn't able to tune in to K-LOVE. In these days when radio and tv is so full of filthy language and sexual suggestivity, K-LOVE is the only alternative for our family and community as well as the others it serves.

Please think seriously about the effect this will have on our nation as a whole.

Thank you.
